STR-48

Fluff Modifier for Filling Cotton

2026/03/05 Draft. **PDS**

Description

STR-48 is a special organic silicone polymer emulsion that contains reactive functional groups in its molecular structure. After treatment with STR-48, polyester fibers and leather will exhibit a very fluffy, smooth, and soft touch on their surfaces.

Storage & packaging

When stored in its originally sealed packaging at 5°C - 40°C, this product may be stored for up to 8 months from its manufacturing date. Comply with the storage instructions marked on the packaging. Once past this expiration date, TAI COUNTY CHEMICAL no longer guarantees that the product meets the sales specifications.

Product comes in 120kg HDPE blue drums loading 100KG(All breathable).

*** This product is a polymer emulsion and may produce slight gas during use***

Characteristics

- Polyester fiber filling will have a very fluffy, smooth, and soft touch
- Increase the stretchability and elasticity recovery of knitted or stretch fabrics
- Imparts softness and smoothness to the fabric

Applications

- Special emulsion for polyester fiber filling.
- Suitable for artificial fibers such as C, T, CVC, S/P, T/C, OP, and other blended fabrics.
- Applicable to printed or dyed fabrics.

Properties

Appearance	Milky white liquid
Active ingredient(%)	50.0%
pH(5%Solution,25℃)	7.0±1.5
Ionic type	Nonionic
Diluent	Water

Processing

- Padding process

STR-48 :5~10 g/L
Soaking temperature :Room temperature
Setting temperature :150˚C/5mins
(Depending on the actual conditions, you can adjust the usage amount.)

For high-concentration products, please dilute or stir evenly before use

Attention: This product is highly reactive. If possible, please use it up within the shelf life upon receipt, and pay extra attention to the storage environment.

Safety

This document does not contain the safety information required for the product. Please read the safety data sheet for this product before use.

The information contained in this manual is given based on our current knowledge and good faith. It is indicative only and not binding, especially regarding the impact on third-party rights during product use. TAI COUNTY CHEMICAL ensures the products it sells conform to specifications. Only necessary preliminary tests can determine if a product is suitable for specific applications, and this information cannot replace such tests. Users are responsible for ensuring compliance with local legislation and obtaining necessary usage certificates and authorizations. Users are requested to check if they have the latest version of this document, and TAI COUNTY CHEMICAL is always ready to provide additional information to customers.
